

FrontRow ToGo Easily Goes from Class to Playground to Assembly

So easy, the hardest thing about the ToGo is taking it out of the box

Able to go beyond the classroom, FrontRow ToGo's all-in-one design and built-in battery make it a favorite for outdoor learning, physical education, assemblies, and other situations demanding portability.

Ideal for PE Teachers, Coaches, Practice Fields, and Gyms

- Saves the PE teacher's voice – no more having to yell across the playing field or over outside noises and students
- Just charge and go. Total portability!
- Hands free operation – body pack transmitter and boom mic included
- Perfect for PE classes, practices, team drills, announcing games and more!
- Easily connects with ipods, CD players, or stereos
- Can amplify two teachers at once
- DūO™ technology provides amazing sound coverage – can cover up to 100 yards
- Optional CMBT audio receiver allows wireless audio streaming from multiple Bluetooth®-enabled devices such as phones, TVs and tablets

"I had neither unpacked the FrontRow ToGo, nor tested it before I arrived at my event, yet I had it out of the box and working within 15 minutes!"

*Max McGee, President
Illinois Math and Science Academy, Aurora, Illinois*
